No. 107

Mysore Judicial Commissioners Office

From

C. B. Saunders Esquire
Judicial Commissioner
in Mysore.

To

The Acting Auditor
and Accountant
Dated Bangalore the 29th July 1863.

Sir,

1. I have the honor to acknowledge the receipt of your No. 190 dated the 22d Instant requesting me to state the authority for the entertainment of the Establishment of the Small Cause Court and for the rent of the Court House.

2. In reply I have the honor to state that there does not appear to be on record in my office any official intimation of the Commissioner having actually authorized the entertainment of the Establishment of the Small Cause Court as at present Constituted, but at the same time I would beg to remark that the Commissioner did accord his verbal Sanction to the proposed Scale of Establishment when the Same was Submitted to him in a demi official Shape by Mr. Ricketts the First Judge of the Small Cause Court, who after the Schedule had been prepared

prepared in my office took it with him to the Commissioners office for that purpose.—

3. The Schedule was originally prepared by my orders in exact Conformity with the Commissioner's instructions which authorized the entertainment of an Establishment for each Judge of Rupees 300 exclusive of Interpreters and Chief and Deputy Clerks, but when I requested Mr. Ricketts to submit it for the final approval of the Commissioner, I suggested that he should endeavour to obtain permission for a slight addition of Rupees 25 to the pay of the Deputy Clerk as therein laid down, in order to enable him to secure the services of the present incumbent Dharmaroya who was at that time in the Commissioner's Firyad Department in the receipt of a Salary of Rupees 100 per mensem, and who would not have been willing to quit his appointment for another of exactly the same emolument— The only other alteration which I suggested to Mr. Ricketts that he should propose was an addition of Peons to the number which was originally inserted in the Schedule

4 Mr. Ricketts after having submitted the Scale to the Commissioner in a personal interview returned direct to my office and intimated to me that Mr. Bowring had approved of the proposed Schedule of Establishment and had authorized the

alteration or rather additions which I had suggested-

5. Under these Circumstances I ought properly to have submitted the Scale of proposed Establishments to the Commissioner for his official Sanction, but in the meantime and while the whole question of the Establishment of the Small Cause Court, and of the issue of Notifications in regard to it and of the preparation of its Rules and Regulations was under my consideration, I received the accompanying demi official Note of the 4th of December 1862 from the Secretary Captain Hay requesting me to send him by the bearer (a Sillahdar) the Small Cause Court papers requisite to enable him to complete the "Law and Justice" Estimates for the Budget Returns then under Submission to the Supreme Government-

6. It was under these Circumstances that I had a fair Copy of the Schedule of proposed Establishments as they had been actually, though only verbally Sanctioned by the Commissioner, forthwith prepared and forwarded by return Sillahdar under Cover of a demi official reply to Captain Hay The details were doubtless embodied into the Budget then under preparation and the original Schedule which would under other circumstances have been submitted officially is I presume

presume on all probability to be found on the Secretary's office.-

7. With regard to the rent of the Court House I would also beg to explain that although there is no formal official authority for the Charge on record, the question of the location of the Court on the present premises was also submitted to the Commissioner by Mr. Ricketts at my request and received Mr. Bowrings sanction as was verbally Communicated to me by the former officer with whom I had been in Consultation on the subject- I may state that the only two appropriate houses which had been offered to me for rent for the purposes of a Small Cause Court were the premises belonging to Mr. Hayes for which a rental of Rupees 120 per mensem was demanded and those now in the occupation of the Court for which after some discussion in regard to abatement of price a rent of Rupees 110 per mensem was stipulated for and agreed to.-

8. Although the items both on account of rent and of the office Establishments of the Small Cause Court were duly inserted in the Budget Estimates submitted for the Ensuing year 1863/64 by this office on the 27th January 1863. I would beg to suggest with reference to the above Explanations that an official Authority

for both Charges may with reference to the above explanations be now accorded to prevent the possibility of any future misunderstanding on the subject.—

9. The enclosures of your letter are herewith returned— Copy of a letter No. 583 dated 20th January 1863 from the Secretary to the Superintendent of the Nundidroog Division authorizing the disbursement of the Salaries of the Judges of the Small Cause Court and their Establishment is also forwarded.—

In regard to the low scale of fees, it will be for the Judges to determine whether the Small Cause Court is to be made self supporting hereafter. The low rate of stamps in Bombay was not designedly fixed, because it was not intended thereby any considerable revenue from this source, more especially as the people pay a variety of taxes which are unknown elsewhere. must be admitted however that the prompt & satisfactory judgment entered by the Small Cause Court are a legitimate reason for enhancing the rates of fees, & I am therefore prepared in this respect to support the Judges views

From 1866

C. B. Saunders Esqrs,
Sec'y Commissioners,
for Mysore,

To The Secretary
to the Commissioners,
of Mysore,

Dated Bangalore 7th October 1863

Sir,

With reference to your letter No. 1802 / Judl. 59 dated the 25th August 1863 requesting me to forward a correct list of the Small Cause Court requiring sanction, I have the honor to annex for the Commissioners information and orders the accompanying copy of a letter which I addressed to the First Judge of the above Court on receipt of your Communication under acknowledgment, and of that

that Officers usefully to gether with
the several Enclosures.

2 It will be seen from Mr.
Ricketts letter that the amended
Schedule of Establishment for
which the formal Sanction of Govern-
ment is now solicited, shows a
monthly Expenditure on account of
the pay of the Court Establishment
including the salaries of the Judges
of Rupees 2617. This amount it
will be seen by reference to the
original Schedule submitted on
the 14th of last December under
cover of my Genl Official Letter
to your address, shows a saving of
Rupees 179 on the cost of the
Establishment as originally pro-
posed and sanctioned of by the
Commissioner.

3 The above Establishment
has been instituted on its reduced
footing from the 1st of the current

that I deferred submitting the present application until after the Establishment Bills for the last month or the former footing had been duly submitted under my countersignature with a view to their being passed by the Accountants in conformity with the Commissioners former provisional authority—

4 — Ample provision for the cost of the Establishments duly included in the Budget Estimate at the close of last year, as well for the Rent Rupees 110 per mensem of the Premises now occupied by the Court Establishment, and for the monthly contingent charges on account of Stationery, Law Books, and other incidental items at the rate of Rupees 100 per mensem — Many heavier Expenses

for

for the Commissioners, when submitting an application for the necessary authority for the Establishment Charges, to solicit the formal sanction of Government to the above two additional items of charge in connection with the cost of the Bangalore Court of Small Causes.

5 With reference to the recommendation of the Judges, as contained in Paras IV and V of Mr. Ricketts letter, I would beg to state that I entirely agree in considering that the rate of fees may very advantageously be raised to the same scale as that which is in force in other Courts of Small Causes. There can be no valid or sufficient reason why the pecuniary and Summary jurisdiction of Courts of Small Causes should be set

:cetely low to that which is necess:
:sarily entailed in working the
more slow and cumbrous machinery
of the regular Civil Courts—

6 Under these circumstances
as the existing scale of Commission
and other fees was avowedly selected
on its present unnecessarily low
footing as an Experimental measure
and the Experience of the last 8
or 9 months has shown very conclu
:sively that the income of the Court
with its present limited Jurisdic
:tion is very far below its Expenditure
I would beg strongly to advocate
that the rates be doubled and thus
made identical with those which
are in force in the Madras Bombay
and Calcutta Presidency Courts—

No. 300.

Bangalore Court of S. Causes.

From L. Ricketts Esquire
1st Judge of the Bangalore Court
of Small Causes -

To

C. B. Saunders Esquire
Judicial Commissioner
in Mysore

Dated

Dated Bangalore 9th September 1863.

Sir,

I have the honor to acknowledge receipt of your letter to my address No. 148 dated 26th August 1863 - forwarding the original list of the establishment of the Bangalore Court of Small Causes, requesting me to compare the same with the existing establishment, and to inform you in what respect they differ, as also requesting me to submit an amended Schedule for final Sanction, dispensing with the services of any superfluous hands, and drawn up on as economical a footing as may be consistent with efficiency, and in reply to submit the following.-

II. Comparing the original list forwarded by you with the establishment as it exists at present, I find there is a difference in favor of the latter of Rupees 121 - " - " per mensem - Rupees 2824 - " - " being the monthly total of the original list, and Rupees 2703 - " - " the total of the list as it at present stands - This difference is made up by dispensing with a Chief Interpreter Rupees - 100 - " - "
One Second Class or Subpæna writer Do. 15 - " - "
One Court Keeper or Jemadar Rupees - 12 - " - "

127 - " - "

Whilst there has been one additional peon - - 6 - " - "

III The amended schedule, I have now the honor of forwarding is a saving upon the present establishment of Rupees 56-"-" and upon the original list of Rupees 177-"-", and is effected by striking off one Judges Clerk on 50 Rupees, and one Peon on 6 Rupees- Consistent with efficiency, I do not think any further reductions in the establishment of the Court can well be made and I propose adopting the amended schedule from the 1st of next Month.- But I would beg to remark here that from each Clerk having distinct duties of his own, hardly capable of being amalgamated, the division of labor, on the model of the Madras Small Cause Court, is so far Complete that each Clerk is Capable in his own Special department of performing a greater amount of work than has, as yet been required of them.-

At the same time, if further reduction is imperatively required, I should advocate dispensing with the services of the Assistant Clerk and Cashier whose salary is Rupees 125-"-" per Mensem.-

IV. I would take this present opportunity of remarking, tho' perhaps foreign to the Subject, that in the opinion of both the 2d Judge

and

and myself the rate of fees might be advantageously raised to the Madras, Bombay, and Calcutta rates, i.e. doubling the scale of existing Commission and other fees. Past experience has shewn us that the majority of suits filed in the Court are for sums under Rupees 10/ the fees for serving Subpoenas and Warrants in which case are so small, being One anna, that it hardly serves to meet the pay of the Bailiffs serving such Processes. Especially when it is taken into Consideration that a Bailiff has frequently to take two or more trips before he succeeds in finding out and serving the right party. — It is true that, if the scale of fees were doubled they would then exceed the rate of fees levied in the other Courts of Mysore, but not if Summons batta and other Charges be added - and most certainly not, if the cost of stamped paper for Miscellaneous petitions be reckoned - In a total Number of 661 suits filed last year the average Cost in each suit was but Rupees 2-1-8 - whilst in the other Courts I have no hesitation in stating generally that before a suit is finally Concluded more than that sum is expended in stamped petition paper alone, to say nothing of the fees paid to petition writers.

and excluding altogether the proper institution fee and other regular costs of the suit.-

V. With the rate of fees doubled I calculate that the income of the Court with its present limited jurisdiction will average about Rupees 900-"-" per mensem and that any further increase must be looked forward to in an extension of the territorial limits of the Court, or an enlargement of the money jurisdiction, or by both; as also, if it is thought advisable to follow one of the provisions of the English County Courts act, by giving the Court jurisdiction to try other actions (excepting for Criminal Conversation) now excluded from its jurisdiction upon the Mutual Consent of the parties expressed in writing.-

I have the honor to be &c.
